- Communication skills and software: Adobe Photoshop, InDesign, Illustrator, Premier; HTML, Drupal, Wix, SquareSpace; photography and photo editing; writing and editing in both AP and Chicago styles

CONFERENCE PRESENTATIONS

“Communicating at the Science-Policy Interface,” Graduate Colloquium, Colorado State University, May 2019

“A New Spin on Co-Production: Communicating at the Know-Do Interface,” Graduate Climate Conference, Seattle, November 2018

Workshop lead: “Communicating with the Media,” National Climate Science Centers Student and Early Career Training, November 2016

PROFESSIONAL MEMBERSHIPS

- Early Career Climate Forum
 - A career development and community-building group dedicated to interdisciplinary climate research, communication, and adaptation
 - Also a board member and leader
 - Grassroots, in growth stages, applying for grants
- Earth Science Women’s Network
 - Member and contributor
- National Center for Faculty Development and Diversity
 - Member
- Science Communication Club (CSU)
 - Advising member
 - Diverse club with graduate and undergraduate students from several departments

AWARDS AND CERTIFICATIONS

- Certificate of Environmental Affairs, CSU (undergraduate)
 - Focus on American environmental policy and history
- Graduate Teaching Certificate, CSU Institute for Learning and Teaching (in progress)
 - Pedagogical workshops, formal pedagogical instruction, and practice
 - Teaching philosophy (IP)
- Study abroad photography scholarship
- Dean’s list
